INTERNATIONAL TEACHER TRAINING ORGANIZATION

We are passionate about global education and believe that traveling, studying and working in foreign countries will provide an experience of a lifetime that every person in the world should be able to be part of.

Our organization is part of an Educational Group and has more than 40 years of teaching experience and teacher training understanding in the English Language teaching field. We are always involved in the TEFL world searching for new ideas to make teacher training the best experience possible.

We have trained thousands of teachers from around the world in both online and onsite courses, always providing assistance before, during and after getting certified. We have placed more than 4500+ teachers in more than 45 countries!

Our graduates are often hired before others in the industry because of ITTO's impeccable reputation. We welcome feedback in this ever-changing field of work and we want our students to come out of this course with not only competence, but also the confidence they need to be successful.

We believe in making a better world through a global education in which teachers spread the love for learning.

Pursue your dream of travelling, studying, working and living abroad at the same time you encourage your students to see the world; Join the TEFL community, join us at ITTO!

WWW.TEFLCERTIFICATECOURSES.COM

WHY TEACH ENGLISH ABROAD?

Getting immersed into an entirely new culture will make you see the world from a different perspective.

Working in a foreign country allows you to travel and see the world. It is a great opportunity to understand a different culture, meet people, share ideas, and forge lasting friendships.

Teachers in other countries are earning a living by educating students while they explore the local culture. In fact, a lot of teachers fall so in love with their new country that they even decide to stay there permanently.

YOUR KNOWLEDGE WOULD OPEN UP MORE OPPORTUNITIES FOR YOU!

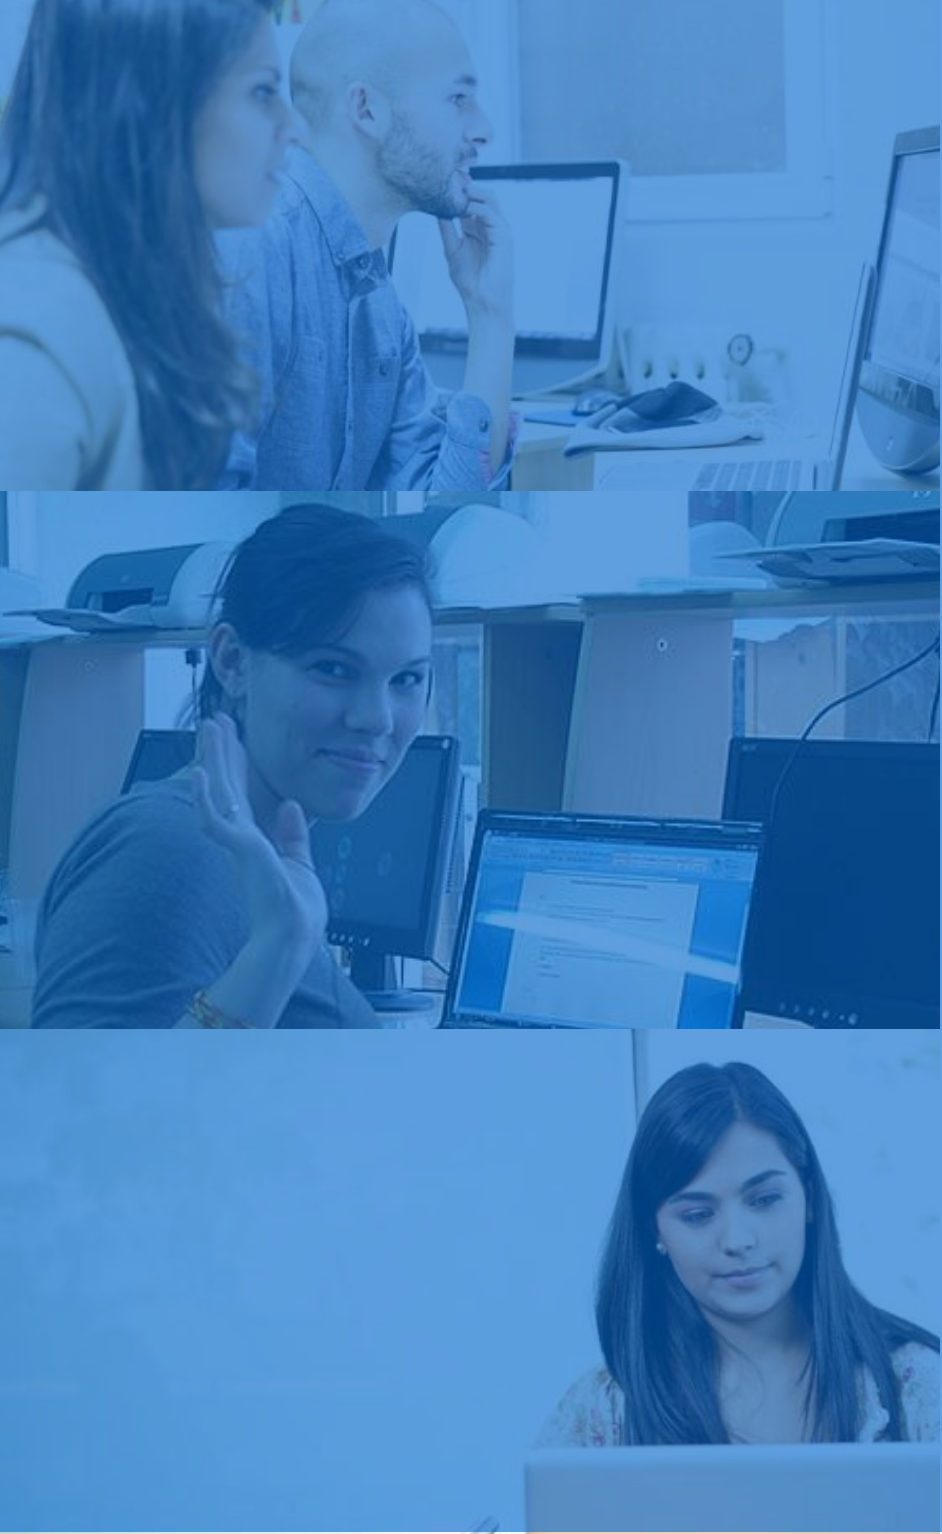

Teaching English abroad gives you the chance to build relationships with many people and shows that you are willing to take risks and help others.

Your experience and knowledge abroad will make you more desirable to employers, because it clearly reflects someone who has put in a huge amount of time, resources, and commitment needed to master their language and customs.

As for job opportunities, it certainly would not hurt to have a certificate on your résumé; if you are certified in TEFL (teaching English as a foreign language) you will be more marketable and have more career choices than your non-certified counterpart.

Furthermore, teaching abroad gives you the chance to learn more about the field of education around the globe; you will notice how students in other countries are taught, will explore different teaching methods, and will achieve real experience most educators do not have.

You definitely will be in a much stronger position to apply for jobs as a certified English teacher! At the same time, you may also be helping the local people gain access to higher paying jobs. Now that's what we like to call a "win-win" situation.

140 HOURS OF TRAINING

ADVANCED TEFL PROGRAM

ITTO's Internationally Recognized Online Teaching English as a Foreign Language Certificate Programs give you the training required by schools around the world in order to get a professional and well-paid job.

You will develop skills through a combination of informative lecture materials and activities that encourage practical use of the newly acquired abilities. Some of the activities you will perform include answering journal questions at the beginning of each unit, studying the course material, answering various quizzes, reading additional articles, participating in at least 4 discussion forums, as well as completing 8 tasks plus submitting a final project.

Our experienced tutors provide guidance, acute feedback, and assist throughout the course. They are required to have at least 5 years of teacher training experience, 10 years minimum of expertise in teaching English, and must hold a current EFL teaching position. Thus, they bring into play their exhaustive knowledge to present heightened advice.

course

content

The course provides 140 hours of highly practical knowledge in the areas of methodology, classroom techniques, and language awareness to proficient users of the English language. By the end of the course, the trainees will be able to independently plan and successfully conduct a variety of lessons to adult learners whose native tongue is not English.

All graduates will receive the necessary skills, confidence, and ability to embark on their teaching careers and work in a professional manner. This teacher training program involves learning about the subject matter, managing classes, grammar, designing activities, observing videos for every learning style and planning lessons. ITTO's certification prepares you interactively to develop skills in the theoretical aspects of teaching.

WHAT DOES TEFL INVOLVE?

1. Teaches you the principles of effective teaching.
2. Provides a range of practical skills for teaching English to adult learners.
3. Gives you hands-on teaching practice.
